Plateau en bois en finition chêne naturel, chêne foncé et noyer.

TECHNICAL FEATURES

SPECIFICHE TECNICHE - SPÉCIFICATIONS TECHNIQUES

1. Solid wood perimeter edge

Bordo perimetrale in legno massello.
Bordure périmétrique en bois massif.

2. MDF veneer inner surface

Piano interno in MDF impiallacciato
Surface intérieure plaquée MDF

3. Solid wood legs and stringers

Gambe e traversi in legno massello
Pieds et barres transversales en bois massif

4. Adjustable rubber feet

Piedini regolabili in gomma
Pieds en gomme réglables

5. Steel carter

Carter in acciaio
Enveloppe en acier

6. Top access

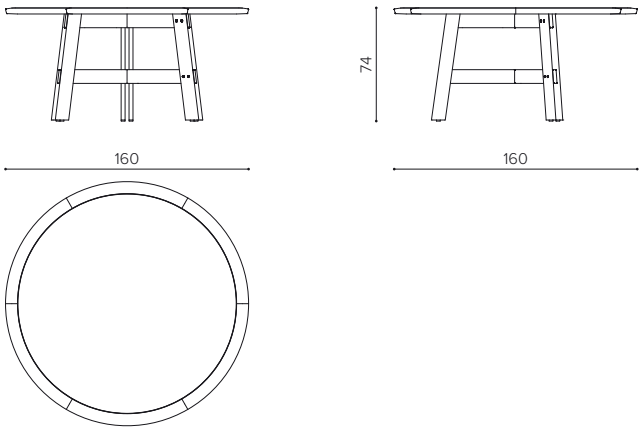

Top access
Top access

The table has a solid solid wood perimeter edge that frames an interior MDF veneer top in the same finish. Stable solid wood legs and stringers provide strength and stability. Leveling is precise thanks to adjustable, non-scratch rubber feet. A steel casing lends a technical and functional detail, preparing for the integration of a practical top access for cable management.

Il tavolo presenta un solido bordo perimetrale in legno massello che incornicia un piano interno in MDF impiallacciato nella medesima finitura. Stabili gambe e traversi in legno massello garantiscono robustezza e stabilità. Il livellamento è preciso grazie ai piedini regolabili in gomma anti-graffio. Un carter in acciaio conferisce un dettaglio tecnico e funzionale, predisponendo all'integrazione di un pratico top access per la gestione dei cablaggi.

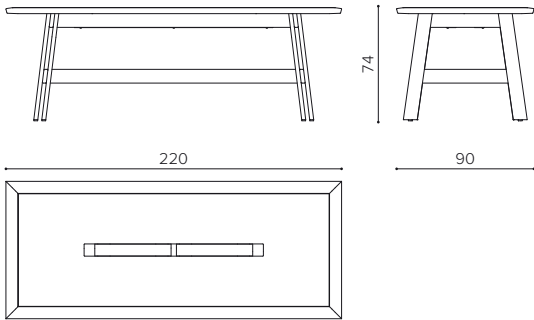

La table est dotée d'un bord périmétrique en bois massif qui encadre un plateau interne en MDF plaqué dans la même finition. Les pieds et les traverses en bois massif garantissent robustesse et stabilité. La mise à niveau est précise grâce aux pieds en caoutchouc réglables et anti-rayures. Un boîtier en acier apporte un détail technique et fonctionnel, préparant l'intégration d'un accès pratique à la partie supérieure pour le passage des câbles.
